

IKIGAI

BUSINESS X-RAY

ARTIFICIAL INTELLIGENCE + EXPERT HUMAN ANALYSIS

What is it?

A deep analysis of your business using advanced Artificial Intelligence combined with expert human evaluation. Our AI connects directly to your real data — sales, finances, social media, messages, processes — and generates a complete diagnosis of your company's current state.

No guesswork. It's your business, scanned in real time.

What do you get?

✓ **Clear executive report**
No jargon, straight to the point

✓ **Strengths & weaknesses map**
What to keep, what to change

✓ **Opportunities detected**
What your competition doesn't see

✓ **Realistic action plan**
Steps prioritized by impact

Who is it for?

For businesses with 1 to 10 team members who want to make decisions based on real information:

- ▶ Entrepreneurs who feel "something isn't working" but don't know what
- ▶ Businesses that have grown without structure and need order
- ▶ Companies that want to modernize but don't know where to start
- ▶ Owners who decide by intuition, not by data

Why is it different?

Traditional Consulting	Business X-Ray
Weeks of analysis	Results in hours
Based on opinions	Based on real data
Expensive (\$1,300+)	Accessible: \$195
Generic recommendations	Personalized diagnosis
Human vision only	AI + Human = Nothing escapes

What do we analyze?

Sales

Patterns, top products, leak points

Finances

Real cash flow, margins, unnecessary expenses

Social Media

Engagement, brand perception

Communication

Messages, response times

Processes

Bottlenecks, inefficiencies

INVESTMENT

\$195

One-time payment

It's less than what you lose in a month by not knowing where your leaks are.

You'll be amazed by everything you discover about your business with this scanner.
